CONSULTATIONS :

“Walk & Talk” - Many home sellers choose this option because it allows them to get their home Staged economically, while giving them similar (if not the very same) impact of having their home professionally Staged. Your Home Staging Consultant will work directly with you to help you understand and prioritize every recommendation necessary to properly prepare your home for sale.

Detailed Written Report - This option is similar to the “Walk & Talk” detailed above but with the added benefit of receiving a detailed, written report.

The “Four Hour Frenzy” - This option is gaining in popularity as it provides the best of both worlds when it comes to getting the most for your Staging investment. In addition to the service that is provided with the “Walk & Talk,” your Home Staging Consultant will work directly with you to actually accomplish as many of the recommendations as possible within a four hour period of time. Of course, additional hours of assistance are available upon request - what ever your preference - we can do as little or as much as you would like.
